Uniglobe Diamond Travel

The best solution for your budget

Ever alert to the changing face of business travel, leading travel management company Uniglobe Diamond Travel has rolled out a 15 Point "credit crunch" Battle Plan for their clients.

Managing Director Nigel Schofield remarked "We always strive to provide the very best possible value to our customers, and as the credit crunch bites, we need to be clear about how it will lead to changes in travel decisions for each client. Many will look for new ways to control expenditure and adopt a stricter regime. We are very aware of the areas where real savings can be made, but we need to establish with each client how best these opportunities can be addressed to bring real cost savings and maximise the value of every pound spent."

Determined to avoid the worst of the "Credit Crunch"?

How can we help?

Our aim is always to give you the best possible value from your business travel expenditure.

Usually this mainly means finding the best possible discounted fares and room rates, but now is probably a good time to remind you of other ways in which we can help your budget.
